**Subject:** FW: Statement on EPA involvement in NCSE GenX Exposure study  
**Attachments:** EPA Desk Statement.NCSU GenX Study using EPA serum method.v5.docx

Below are questions from David Dunlap after he reviewed the attached desk statement yesterday. Also Tim Watkins had the following question:

**Ex. 5 Deliberative Process (DP)**

**Ex. 5 Deliberative Process (DP)**

I may be wrong,

do you recall?

We can work on responses at our meeting. Just wanted to give you a chance to look these over. The responses that are in the email below is feedback from Megan Maguire in the ORD Communications Office.

-Emily

Hi Jennifer & David- We drafted a statement about the work our scientists are doing with NC State University on assessing exposure to Genx and other PFAS chemicals in NC. We created the lab method that's being used in the study and trained their researchers on our equipment in RTP. This round of the study is on chemicals in blood, and NCSU is getting ready to announce the results. We will learn more about what they found at the end of this week, so this is just a general statement so that we can give OW and OPA a heads up. Are you okay with this? NERL and Andy Gillespie cleared it already. Thanks!
